

Author's Prayer For Readers

Dear God,

Please bless those who are holding this book, and answer their prayers; bless them with a Life Divine, full of bliss and harmony of fulfilling relationships, peace and joy, health and wealth, prosperity and progress. Bless them with families and friends who are caring and understanding. May the spirits of all be nurtured. O' God, encourage me to spread Your Word, to each home, so that each person shall be connected to Your Hallowed Name.

Those who are already under Your Shelter, may their faith be further enhanced in the power of prayer and meditation. I send out my humble and ardent prayer for the teeming millions who are suffering from a plethora of ailments: spiritual darkness, religious fanaticism, physical ailments, emotional trauma, psychological tensions, and financial insecurity.

About The Organization

Divine Power, Inc., a/k/a Ishwar Foundation, was born as an inspiration from *The Divine Power*, and as a blessing from the author's mother, Mrs. Ishwar Kaur Sabharwal, who was suffering from A.L.S. It all started with the wondrous effects that prayer had on her. Later, this brought about a transformation in the author's life.

Through the mother's cherished memory, the author was inspired to establish **The Divine Center**. Our mission is to serve humanity, by illuminating the mind, through dissemination of knowledge.

The Divine Center is located in serene and tranquil environs very conducive for peaceful prayer and contemplative meditation. We believe in EQUALITY of ALL religions, and is not an outfit propagating fanatic beliefs about any religion. All donations are tax-deductible, and are used for promoting the ideals of the Organization.

Readers are cordially invited to make reservations for participating in the forthcoming workshop.

Preface

All religious traditions speak volumes about the power of prayer and how it blessed pious souls with miraculous powers. In the Bible there are references to the sea dividing to give way, Jesus curing lepers and bringing back the dead to life. He, himself, was resurrected. Similarly, Guru Nanak, the founder of Sikhism, stopped a massive boulder with his hand, and the physical imprint of his hand is there to see; he made bitter fruits of one particular branch of a tree sweet; he also turned a stone into wax. All these miracles are verifiable even today.

Having visited some of the above miraculous sites myself had the effect of transforming me from an average to an ardent believer in the power of prayer. Later, my personal experiments with the prayers inspired me to share such thoughts with readers, as I did not want to simply confine them to myself.

Due to paucity of space, I am not able to give details of miracles in other religions, some of which have been covered in my book 'The Power of Prayer' from ten world religions.
